Importation of Antibiotic Preparations Order	11
Approved Pharmaceutical Firms Order	26

Note
on
Orders

The above Orders have each been consolidated as at 31st December 1977. The lists of antibiotic preparations and of approved firms are long (this applies primarily to the former) and changes in them frequent, and in view of their very limited use by the general public they will not be updated annually (following the policy adopted with respect to the Approval of New Drugs Notification under the Food and Drugs Act see—Ch. 30:01 page 2).

Since 31st December 1977 the amendments to these Orders are as follows:

Importation of Antibiotic Preparations Order—amended by G.N.'s 52, 132, 161, 166 and 192/1978; 46, 83 and 162/1979; and L.N. 115/1980.

Approved Pharmaceutical Firms Order—amended by G.N.'s 132, 162/1978 and 46/1979.

Note
on
Adaptation

Under paragraph 6 of the Second Schedule to the Law Revision Act (Ch. 3:03) the Commission amended certain references to public officers in this Chapter. The Minister's approval of the amendments was signified by L.N. 120/1980, but no marginal reference is made to this Notice where any such amendment is made in the text.

SCHEDULE.

An Act to regulate the importation, storage, distribution, sale and use of antibiotics.

1950 Ed.
Ch. 12 No. 8.

18 of 1948.

Commencement.

[1ST APRIL 1949]

1. This Act may be cited as the Antibiotics Act.

Short title.

L.R.O. 1/1980

Interpretation.
[20 of 1960].
Schedule.

2. In this Act "antibiotic" means any of the substances specified in the Schedule and includes all compounds of, and all medicinal preparations containing, any of such substances.

Establishment
of Antibiotics
Control
Committee.
[20 of 1960].

3. (1) For the purposes of this Act, a Committee shall be established to be called the Antibiotics Control Committee (hereinafter referred to as "the Committee") consisting of the Chief Medical Officer, who shall be Chairman of the Committee, one member to be appointed by the Council of the Medical Board of Trinidad and Tobago, two registered members of the Board and one other person to be appointed by the Minister, and two members to be appointed by the Branch Council of the British Medical Association constituted in Trinidad and Tobago.

(2) The members of the Committee shall appoint one of their number to be Vice-Chairman of the Committee.

(3) Three members of the Committee including the Chairman or the Vice-Chairman shall form a quorum at meetings of the Committee and the Chairman of the meeting shall have an original vote and also, whenever the votes are equal, a casting vote.

(4) The Minister, the Council of the Medical Board of Trinidad and Tobago or the Branch Council of the British Medical Association, as the case may be, may, in the absence or inability to act of any member of the Committee appointed by him or them, appoint any other person to act in the place of the member.

Restriction on
manufacture of
antibiotics.

4. No person shall manufacture any antibiotic in Trinidad and Tobago unless he is the holder of a licence granted by the Committee to manufacture the antibiotic.

Restriction on
importation of
antibiotics.
[20 of 1960].

5. No person shall import into Trinidad and Tobago any antibiotic other than an antibiotic manufactured by a pharmaceutical firm approved by the Minister.

Licences to
import
antibiotics.

6. No person shall import any antibiotic into Trinidad and Tobago unless he is the holder of a licence granted by the Committee to import the antibiotic.

Licences to
store
antibiotics.

7. No person shall store any antibiotic for the purpose of sale unless he is the holder of a licence granted by the Committee to store the antibiotic; and no such licence shall be granted except on proof to the satisfaction of the Committee that the storage facilities of the applicant are adequate.

8. The Committee may appoint a fit and proper person to be licensing officer under this Act. Appointment of Licensing Officer.

9. Licences issued under this Act shall be in such form as the Committee may approve. Form of licence.

10. The Committee may cancel any licence issued under this Act if the holder thereof fails to comply with any of the provisions of this Act or of any regulations made under this Act. Cancellation of licences.

11. No importer of antibiotics shall sell or transfer any antibiotic to any person other than a person registered as a member of the Medical Board of Trinidad and Tobago (hereinafter referred to as a "medical practitioner") or as a dentist under the Medical Board Act (hereinafter referred to as a "dentist") or as a veterinary surgeon under the Veterinary Surgeons (Registration) Act (hereinafter referred to as a "veterinary surgeon") unless such person is the holder of a licence to store antibiotics granted under the provisions of this Act. Restriction of sale or transfer of antibiotics.

Ch. 29:50.

Ch. 67:04.

12. (1) Any person authorised in writing by or on behalf of the Committee may at any time between the hours of 6 a.m. and 6 p.m. enter any premises in which he has reason to believe that any antibiotic is kept which has been acquired or is being kept in contravention of any of the provisions of this Act or of any regulations hereunder and may carry out such inspection of the premises as he considers necessary, and may require the occupier or person in charge of the premises to furnish him with such information in connection with such antibiotic as he considers necessary. Right of entry on premises to ensure compliance with provisions of Act.

(2) Any antibiotic in respect of which there has been a breach of any of the provisions of this Act or of any Regulations hereunder may be seized by such person authorised as aforesaid and on conviction of the offender shall be forfeited to the Committee.

13. (1) Any person authorised in writing by or on behalf of the Committee may require the holder of a licence to store antibiotics granted under the provisions of this Act to produce samples of any antibiotic in his possession and, on payment of the current market value of any sample, may require that it be delivered to him for purposes of assay. Taking samples of antibiotics.

(2) If any such sample is found on assay to have deteriorated to an extent or to contain toxic substances in amounts which,

in the opinion of the Committee, render it ineffective or unfit for use as a therapeutic substance, or not to contain the antibiotic or to contain the antibiotic in a lesser degree of potency than it purports to possess, the Committee may require to be destroyed the entire stock of the antibiotic in the possession of the licensee which bears the same batch identification number as the sample.

Further
restriction on
issue of
antibiotics.

14. (1) Subject to the provisions of this Act, no antibiotic shall be issued to any person except on the prescription of a medical practitioner, dentist or veterinary surgeon.

(2) Every such prescription as is referred to in subsection (1) shall—

- (a) be in indelible writing or typescript and be signed by the person giving it with his usual signature in indelible writing and be dated by him;
- (b) specify the address of the person giving it;
- (c) specify the name and address of the person for whose treatment it is given or, if it is given by a veterinary surgeon, of the person to whom the medicine is to be delivered;
- (d) have written or typed thereon, if given by a dentist, the words “for dental treatment only”, and, if given by a veterinary surgeon, the words “for animal treatment only”;
- (e) indicate the total quantity of the antibiotic to be supplied and instructions for its use.

(3) Every person dispensing any such prescription shall comply with the following requirements:

- (a) the prescription shall not be dispensed otherwise than in accordance with the prescription, or more than once unless the prescription contains a direction in accordance with the provisions of paragraph (b);
- (b) if the prescription contains a direction that it may be dispensed a stated number of times or at stated intervals, it shall not be dispensed otherwise than in accordance with the direction;
- (c) there must be noted on the prescription, at the time of dispensing, immediately above the signature of the person giving the prescription the name and address of the person supplying the antibiotic and the date on which the prescription is dispensed;

- (d) if the prescription may be again dispensed it shall, on the last time of dispensing, be retained for a period of two years by the person last dispensing it on the premises on which it was last dispensed and be made available for inspection by any person authorised by or on behalf of the Committee;
- (e) if the prescription may not be dispensed more than once it shall be retained for a period of two years by the person dispensing it on the premises on which it was dispensed and be made available for inspection by any person authorised by or on behalf of the Committee.

15. An antibiotic shall not be administered to any person except by or under the direction of a medical practitioner or dentist except that in any case of emergency it may be administered by a nurse who is a state registered nurse in Trinidad and Tobago or has passed the final examination for nurses at the Port-of-Spain or San Fernando General Hospital.

Administering
of antibiotics.

16. (1) Every container of an antibiotic shall carry a batch identification mark or number and the date of manufacture of the antibiotic; and the contents of any such containers, supplied by any person and bearing the same identification marks or numbers, shall be deemed to have been manufactured at the same time and under identical conditions until the contrary is proved.

Identification
marks or
numbers on
containers.

(2) No person shall sell, transfer or dispense any antibiotic after the date of expiry endorsed on the container thereof, except to a medical practitioner, dentist or veterinary surgeon, who has been informed in writing of such date by the person selling, transferring or dispensing the antibiotic.

17. Every holder of a licence under this Act shall keep records showing—

Licence holder
to keep records.

- (a) the quantities of antibiotics which he has imported into Trinidad and Tobago and the identification marks or numbers of the consignments;
- (b) the date of importation into Trinidad and Tobago of any antibiotic which he has imported or has in stock;
- (c) the names of the manufacturers of any such antibiotic;
- (d) the names and addresses of the persons to whom any such antibiotic has been issued by him and the quantity and date of every such issue.

Examination of records.

18. Any person authorised in writing by or on behalf of the Committee may, at any time during business hours, enter the premises of any holder of a licence under this Act and call for and examine any records required to be kept by the holder.

Lists of approved pharmaceutical firms. [20 of 1960].

19. It is the function of the Committee to submit to the Minister lists of pharmaceutical firms for approval as manufacturing firms from whom antibiotics may be imported into Trinidad and Tobago; and the names of the firms so approved shall be published in the *Gazette*.

Variation of lists of approved pharmaceutical firms. [20 of 1960].

20. The Minister may, on the recommendation of the Committee, add to or delete from the list of approved firms, and every such addition or deletion shall be published in the *Gazette*.

Minister may amend Schedule. [20 of 1960].

21. The Minister may, on the recommendation of the Committee, by Order amend the Schedule by adding or deleting any antimicrobial organic substance produced by living organisms.

Regulations. [20 of 1960].

22. The Minister may make regulations—

- (a) defining the powers and duties of the Committee;
- (b) providing for regulating the storage and transport of any antibiotic;
- (c) controlling or prohibiting any process which may affect the potency, sterility or toxicity of any antibiotic.

Offences.

23. Any person who obstructs any person authorised in writing by or on behalf of the Committee in the performance of any duty imposed by or under this Act or refuses to give any information lawfully demanded by any such authorised person or otherwise contravenes any of the provisions of this Act is guilty of an offence against this Act.

Penalty.

24. Any person found guilty of an offence against this Act is liable on summary conviction to a fine of three thousand dollars and to imprisonment for six months.
