AGREEMENT ESTABLISHING THE CARIBBEAN FOOD CORPORATION

Preamble

The Contracting Parties, being Governments of the Member States of the Caribbean Common Market;

Conscious of the need to adopt a scheme for the rationalisation of agricultural production within the Region with a view to

promoting complementarity in national agricultural programmes as contemplated in Article 49 of the Annex to the Treaty Establishing the Caribbean Community;

Noting the alarming rate of increase in the importation of agricultural products into the Region caused to some extent by the inadequate methods and practices of farming on a large or small scale in the past;

Mindful of the need to increase agricultural production within the Region and to facilitate the transportation, distribution and marketing of the products thereof within and without the Region;

Considering that while any such scheme should be organized on a sound commercial basis full advantage should be taken of the potential of the scheme for assisting in the development of small farming enterprises and the development of the human resources of the Region;

Determined to remedy the situation by using advanced technology to implement a viable and efficient import replacement scheme in order to achieve self-sufficiency in food and to raise nutritional levels within the Region without displacing or competing with national efforts;
