

GOVERNMENT NOTICE No. 55

TRINIDAD AND TOBAGO

THE FISHING INDUSTRY (ASSISTANCE) ORDINANCE, 1955
(No. 17 OF 1955)

REGULATIONS

MADE BY THE GOVERNOR IN COUNCIL UNDER SECTION 5 OF THE
FISHING INDUSTRY (ASSISTANCE) ORDINANCE, 1955

THE FISHING INDUSTRY (ASSISTANCE) REGULATIONS, 1956

1. These Regulations may be cited as the Fishing Industry (Assistance) Regulations, 1956.
2. For the purpose of these Regulations:—
 - “the Ordinance” means the Fishing Industry (Assistance) Ordinance, 1955;
 - “engine” and “Minister” shall respectively have the same meanings as in the Ordinance;
 - “fuel” means a petroleum product used as a source of power only, and does not include lubricating oil or oil used for purposes other than as a source of power.
3. No payment shall be made under the Ordinance in respect of any engine which is not registered in accordance with these Regulations.
4. Application for the registration of an engine in respect of which payments may be claimed under the Ordinance shall be made in writing, in duplicate, addressed to the Fishery Officer and shall state:—
 - (a) the name and address of the owner of the engine;
 - (b) the make and model of the engine;
 - (c) the brake horsepower, as stated by the makers of the engine;
 - (d) the serial number of the engine, or, in the case of an outboard engine, the serial number of the crankcase.
5. On receipt of the application, the Director of Agriculture, if he is satisfied that payments may properly be made in respect of the engine, shall enter the name and address of the owner, together with particulars of the engine, in a register to be kept for that purpose, and shall issue to the owner a quota card showing the quota of fuel allocated in respect of the engine.
6. Before the Director of Agriculture approves an application for the registration of an engine, he may, if he thinks fit, require the owner, as a condition of registration, to allow the engine to be stamped or marked with a number or other means of assisting identification; and any stamp or mark so made by the Director of Agriculture shall be registered as part of the particulars relating to that engine.
7. No person shall alter or deface any number or other mark appearing on any engine registered under these Regulations.
8. If the Director of Agriculture shall refuse any application for the registration of an engine, made under Regulation 4 hereof, he shall give notice thereof in writing to the applicant stating the grounds of the refusal.

9. If at any time after an engine has been registered the Director of Agriculture shall be of the opinion that payments may not properly be made under the Ordinance, he shall forthwith notify the owner in writing that it is his intention to cancel the registration of the engine, and shall state the grounds of the proposed cancellation; and if within seven days of such notification the owner does not signify his intention to appeal against such decision, the Director shall cancel such registration.

10. Any person aggrieved by the refusal of the Director of Agriculture to register an engine, or by the decision of the Director of Agriculture to cancel the registration of an engine, may within seven days appeal to the Minister against such refusal or against such decision, and the decision of the Minister shall be final.

11. The quota card to be issued under Regulation 5 of these Regulations shall show the quota of fuel allocated in respect of the engine specified thereon, and provision shall be made thereon for recording the hours run and the fuel consumed by the engine during the quota period.

12. The owner of an engine shall record each day on the quota card supplied by the Director of Agriculture for the purpose the number of hours run by the engine and the amount of fuel consumed.

13. The Director of Agriculture shall also issue to the registered owner of an engine a form (in these Regulations referred to as the fuel purchase form), on which to record all purchases of fuel for his registered engine or engines.

14. For the purpose of becoming entitled to make a claim to payments under these Regulations, the owner or other person acting on his behalf making any purchase of fuel on the basis of which a claim is to be made shall at the time of making the purchase produce the fuel purchase form and shall request the vendor or his servant to certify in the appropriate place the amount of fuel purchased, and shall himself countersign the same and shall specify the place at which the purchase was made.

15. In case the vendor or his servant or agent shall refuse to certify the purchase of any fuel, the owner of the engine or other person acting on his behalf may within seven days notify the Fishery Officer, with a view to an investigation of the circumstances of such refusal; and in case of failure so to notify the Fishery Officer, no account shall be taken, for purposes of payment being made under these Regulations, of any fuel the purchase of which has not been duly recorded on the fuel purchase form as provided by these Regulations.

16. All claims for payment shall be signed by the registered owner of the engine; and shall be made upon forms supplied by the Director of Agriculture for that purpose.

17. Where any claim for payment is made, the Director of Agriculture shall require the production of the quota card and the fuel purchase form, and may require the owner of the engine to answer such questions or to furnish such other evidence or information as he shall think necessary.

18. If any claim for payment is disallowed by the Director of Agriculture, the owner may within seven days of notification of such disallowance appeal to the Minister, whose decision shall be final.

19. No person shall destroy, deface or alter any quota card, form, or other document issued or required to be kept under these Regulations.

20. No person shall use otherwise than in an engine of which he is the registered owner any fuel of which the purchase is recorded on his fuel purchase form.

21. No person shall record or cause to be recorded on any fuel purchase form issued under these Regulations any sale or purchase of fuel which to his knowledge is not intended to be used in an engine or engines of which the person in whose name the purchase form is issued is the registered owner.

22. It shall be the duty of every registered owner to notify the Fishery Officer in writing without delay of the sale or other disposal by him, or of the loss, of any registered engine, or of any material alteration of a registered engine, or of any change with respect to the particulars relating to such engine, as specified in Regulation 4 of these Regulations; and the Director of Agriculture shall, where necessary, make the appropriate changes in the Register.

23. Quotas of fuel and lubricating oil shall be allocated to engines on the following basis :—

(i) *Diesel Engines*

Less than 10 B.H.P.

— 540 gallons of fuel for the quota period;

10 or more but less than 25 B.H.P.

— 900 gallons of fuel for the quota period;

25 or more but less than 50 B.H.P.

—1,440 gallons of fuel for the quota period;

50 or more but less than 75 B.H.P.

—2,700 gallons of fuel for the quota period;

75 or more but less than 100 B.H.P.

—3,600 gallons of fuel for the quota period;

100 B.H.P. or over—4,500 gallons of fuel for the quota period.

Gasolene and T.V.O. Engines

Less than 9 B.H.P.

—1,080 gallons of fuel for the quota period;

9 or more but less than 25 B.H.P.

—1,800 gallons of fuel for the quota period;

25 B.H.P. or over—2,700 gallons of fuel for the quota period.

(ii) For the purpose of claims for payment under these Regulations, the amount of lubricating oil used in an engine shall be deemed to be proportionate to the amount of fuel recorded on the quota card issued in respect thereof, and shall be calculated as follows :—

(a) in the case of engines in which the lubricating oil is mixed with the fuel in the fuel tank, on the basis of one gallon of oil to eight gallons of fuel;

(b) in the case of engines in which the lubricating oil is not mixed with the fuel in the fuel tank, on the basis of one gallon of oil to thirty gallons of fuel.

24. Payments may be made to the registered owner of an engine :—

(a) in respect of fuel purchased and used during the period for which the claim is made, up to a maximum of the quota allocated in respect of the engine; and

(b) in respect of lubricating oil deemed in accordance with the provisions of Regulation 23 of these Regulations to have been used in the engine in conjunction with the amount of fuel as determined under the preceding paragraph.

25. The rates of payment in respect of fuel and lubricating oil shall be declared from time to time by the Governor in Council by notification published in the *Royal Gazette*.

26. The quota period shall extend from the 1st January to the 31st December of each year; but it shall be lawful for the owner of an engine to purchase fuel allocated on his quota at any time within the quota period according to his requirements.

27. For the purpose of making claims for payments under these Regulations, the quota period shall be divided into four quarters, extending respectively from the 1st January to the 31st March, from the 1st April to the 30th June, from the 1st July to the 30th September, and from the 1st October to the 31st December; and no claim for payment in respect of fuel used during any such quarter shall be allowed if made more than three months after the end of the quarter during which it was so used.

28. Nothing in the preceding Regulation shall prevent a person entitled to make a claim for payment from doing so more often than once in each quarter; provided that no person shall make a claim more than once in any calendar month.

29. Any person who commits a breach of, or fails to comply with, any of the provisions of these Regulations shall be liable on summary conviction to a fine of one hundred dollars.

30. All communications in respect of claims, payments, or other matters arising under the Ordinance or under these Regulations shall be addressed to the Fishery Officer at this office.

31. These Regulations shall come into operation on the 1st day of May, 1956.

Made by the Governor in Council this 3rd day of April, 1956.

W. J. BOOS
Clerk, Executive Council

GOVERNMENT NOTICE No. 56

TRINIDAD AND TOBAGO

THE FISHING INDUSTRY (ASSISTANCE) REGULATIONS, 1956

NOTIFICATION

It is hereby notified that the Governor in Council, under the provisions of Regulation 25 of the Fishing Industry (Assistance) Regulations, 1956, declares that the rates of payment in respect of fuel and lubricating oil shall be as follows :—

<i>Fuel</i>			
Gasolene	9 cents per imperial gallon
Tractor Vapourising Oil	9 cents per imperial gallon
<i>Lubricating Oil</i>	15 cents per imperial gallon

Dated this 3rd day of April, 1956.

W. J. BOOS
Clerk, Executive Council
