and the High Court or any Judge thereof may, on the petition of any person entitled or claiming to be entitled to such moneys or any part thereof, make an order for the payment of the same or any part thereof to the person or persons entitled thereto.

(6) If the building is not taken down and such materials are not sold by the Authority, or if the proceeds of such sale are insufficient to defray the said expenses, the Authority may recover such expenses or such insufficiency from the owner of the building together with full costs in respect thereto in a summary manner, but without prejudice to his right to recover the same from any lessee or other person liable to the expenses of repairs.

the Authority shall cause that area to be defined on a plan in such a manner as to exclude from that area any land or buildings in respect of which in their opinion sanitary defects do not exist or which they do not find it expedient to acquire for the remedying of badly arranged conditions, but including in such area buildings which in their opinion are in a state of disrepair and any surrounding or adjoining land which it is desired by the Authority to acquire.

(2) The Authority shall pass a resolution declaring the area so defined to be a slum clearance area and shall, within the period prescribed below, prepare and submit to the Minister a scheme (hereinafter referred to as a slum clearance scheme) for the exercise of their powers under the provisions of this Act.

- (i) to cause the area to be defined on a plan, and to pass a resolution declaring the area so defined to be a proposed re-development area;
- (ii) within the period and in the manner prescribed below to prepare and submit to the Minister a scheme (hereinafter referred to as a re-development scheme) for the exercise of their powers under the provisions of this Act.

- (a) publish in a local daily newspaper a notice stating that the scheme is about to be submitted to the Minister for approval, naming a place where the plan and particulars of the scheme may be inspected, and specifying the time within which, and the manner in which, objections may be made; and
- (b) serve a notice to the like effect on every owner and on every other person who to the knowledge of the Authority has any estate or interest in land in the defined area, except persons holding under a

monthly tenancy or less period; but failure to serve any such notice shall not in any manner prejudice such scheme.

12. (1) In any case where a scheme is wholly or in part within the area of a Local Authority, the Authority shall before submitting the draft scheme to the Minister for approval, furnish particulars and a copy of the scheme to the Local Authority for their consideration and representations. 13. (1) The Minister may, if he thinks fit, after considering any objections duly made, to the scheme which have not been withdrawn or met, approve the scheme submitted to him or any part thereof, either without modification or with such modifications as he thinks fit (including, if he thinks fit, the alteration of the defined area so as to exclude land therefrom, but not so as to add land thereto) and the scheme or part thereof when so approved shall be binding on the Authority; but if the Minister considers the scheme inadequate he may refuse to approve the scheme and require the Authority to prepare and submit to him an adequate scheme within such time as he may fix, or he may approve the scheme or any part thereof subject to the condition that the Authority prepare and submit to him a further scheme within such time as he may fix. Approval of scheme by Minister. [3 of 1962].

In the case of a re-development scheme he may, before approving the scheme, cause a public enquiry into the matter to be held under the Commissions of Enquiry Act and shall consider any objection not withdrawn and the report of the Commission of Enquiry, and he may thereafter approve the scheme with or without any such modifications as aforesaid. Ch. 19:01.

(2) The Minister shall not approve of any scheme unless he is satisfied that—

- (a) the size of the area is such that the housing conditions therein can be remedied within a reasonable period;
- (b) the financial resources of the Authority are or will be sufficient for the purpose of carrying into effect such scheme;
- (c) in so far as suitable accommodation available for the persons of the working classes who will be displaced by the steps the Authority propose to take for the clearance and development of the area does not exist, the Authority will provide, or secure the provision of, such accommodation in advance of the displacements which will from time to time become necessary as these steps are taken.

Provision of accommodation for persons displaced.

Notification of approval of scheme. [3 of 1962].

14. (1) Upon notification to the Authority of the approval of the Minister of any scheme, the Authority shall forthwith publish in the *Gazette* and in a local daily newspaper a notice stating that the scheme has been approved and naming a place where a copy of the plan and particulars thereof may be inspected, and in the case of a re-development scheme serve a like notice on every person who gave notice of his objection to the scheme.

(2) Where after a scheme has been approved, it appears to the Authority that any land in the area (that is to say the defined area or so much thereof as is composed in the scheme approved) ought to be re-developed or used otherwise than as indicated in the scheme, the Authority shall prepare and submit for the approval of the Minister a new scheme as respects that land.

(3) In the following provisions of this Act references to re-development or use in accordance with a scheme shall be construed as references to a scheme approved under this section, or, in the case of land comprised in a new scheme approved under this section, in accordance with the new scheme.

PART IV

EFFECTS AND OBLIGATIONS CONSEQUENT UPON AN APPROVED SCHEME

15. (1) Where as respects any area declared by the Authority to be a slum clearance area and included in a slum clearance

Demolition order. [3 of 1962].

scheme approved of by the Minister in the manner hereinbefore provided, the Authority shall determine to order any buildings in the area to be demolished, they shall make an order (in this Act referred to as a "demolition order") ordering the demolition of each of those buildings, and the Authority shall forthwith publish in a local daily newspaper a copy of the order, and upon such publication the order shall become operative.

(2) When a demolition order has become operative the owner or owners of any building to which the order applies shall demolish that building before the expiration of two months from the date on which the building is required by the order to be vacated, or, if it is not vacated until after that date, before the expiration of two months from the date on which it is vacated or, in either case, before the expiration of such longer period as in the circumstances the Authority may deem reasonable; and, if the building is not demolished before the expiration of that period, the Authority shall enter and demolish the building and sell or otherwise dispose of the materials thereof.

(3) Any expenses incurred by the Authority under subsection (2), after giving credit for any amount realised by the sale of materials, may be recovered by them as a simple contract debt from the owner of the house or, if there is more than one owner from the owners thereof in such shares as the Court may determine to be just and equitable; and any owner who pays to the Authority the full amount of their claim may in the like manner recover from any other owner such contribution, if any, as the Court may determine to be just and equitable.

(4) Any surplus in the hands of the Authority shall be paid by them to the owner of the house, or if there is more than one owner, shall be paid as those owners may agree. If there is more than one owner and the owners do not agree as to the division of the surplus, the Authority shall be deemed by virtue of this subsection to be trustees of the surplus for the owners of the house, and the provisions of the Trustee Ordinance (which relate to payment into Court by trustees) shall have effect accordingly.

Ch. 8, No. 3.
(1950 Ed.)

(5) The Court, in determining for the purposes of this section the shares in which any expenses shall be paid or contributed by, or any surplus shall be divided between two or more owners of a house, shall have regard to their respective interests in the house, their respective obligation and liabilities in respect of maintenance and repair under any covenant or agreement, whether expressed or implied, and all the other circumstances of the case.

Use of land in respect of which a demolition order has been made. [3 of 1962].

16. (1) When a demolition order has become operative no land to which the order applies shall be used for building purposes, or otherwise developed, except subject to such restrictions and conditions, if any, as the Authority may think fit to impose. However, an owner who is aggrieved by a restriction or condition so imposed on the user of his land, or by a subsequent refusal of the Authority to cancel or modify any such restriction or condition, may at any time appeal by notice in writing to a Judge who shall determine the matter summarily and make such order in the matter as he thinks proper, and his decision shall be final.

(2) A person who commences, or causes to be commenced, any work in contravention of a restriction or condition imposed under this section is liable, on summary conviction, to a fine of one hundred dollars in respect of each day during which the work exists in such a form and state as to contravene the restriction or condition.

Owner of land and buildings may be permitted to carry out slum clearance scheme or redevelopment scheme. [3 of 1962].

17. (1) Notwithstanding the publication of a notice by the Authority in accordance with section 20, the owner of any land or buildings specified in such notice may, with the permission of the Authority and the approval of the Minister, undertake for himself the clearance and reconstruction of the land and buildings so specified or the re-development thereof subject to the provisions hereinafter contained.

(2) Any application for such permission with full particulars accompanied by plans shall be made by the owner in writing addressed to the Authority within four weeks of the date of publication of the notice by the Authority. The Authority shall as soon as practicable after the receipt of such application consider the same at a meeting of the Authority and shall by resolution passed at such meeting either refuse or accept the application. The resolution together with the application shall be submitted to the Minister who may either reject the application or grant same with such modifications (if any) as he may think fit.

(3) If the application is granted, the owner shall within four weeks of the date of his being notified of the granting of his application enter into a bond with one or more sureties to be approved by the Authority in a sum not less than the estimated cost of clearance and reconstruction of the land and buildings or the re-development thereof, as the case may be, specified in the application as approved by the Minister, which said bond shall be conditioned that the owner shall pay such sum as aforesaid to the

Authority upon failure to complete the clearance and reconstruction of the said land and buildings or the re-development thereof, as the case may be, within a period to be specified in the bond and in accordance with the scheme. However, if the owner of any such land and buildings fails to complete the clearance and reconstruction thereof or the re-development thereof, as the case may be, in accordance with the scheme to the satisfaction of the Authority and within the period specified in the bond, subject to any variation or extensions approved by the surety or sureties and the Minister, the Authority may, notwithstanding the enforcement of the bond, acquire such land and buildings and clear and reconstruct or re-develop the same in accordance with the provisions of this Act.

(4) Upon completion by the owner of the clearance and the reconstruction of the said land or buildings or the re-development thereof, as the case may be, to the satisfaction of the Authority, the Authority shall, at the expense of the owner, cause the notice published by the Authority in accordance with section 14 to be amended by the publication of an amending notice deleting from the first mentioned notice the land and buildings specified in the bond.

(5) Where the Authority are satisfied that, for the purpose of enabling the clearance and reconstruction of land and buildings or the re-development thereof, as the case may be, to be carried out in accordance with proposals which have been submitted as aforesaid and in respect of which the Authority have given notice of their satisfaction, it is necessary that any dwelling-house to which the Rent Restriction Act applies should be vacated, and that suitable alternative accommodation is available for a tenant or will be available for him at a future date, the Authority may issue to the landlord a certificate that such suitable alternative accommodation is available for the tenant or will be available for him by such future date, and a certificate so issued shall, for the purposes of the Rent Restriction Act, be binding on the Court to order the recovery of possession of any such dwelling-house.

Ch. 59:50.

18. (1) Any owner of a dwelling-house, which is occupied or of a type suitable for occupation, by persons of the working class and in respect of which works of improvement (otherwise than by way of decoration or repair but including fittings and fixtures) or structural alteration are proposed to be executed, may submit a list of the proposed works to the Authority with a request in writing that the Authority shall inform him whether in their opinion the house would, having due regard to the nature of its site

and its relationship to the arrangements of existing roads, after the execution of those works, or of those works together with any additional works, be in all respect fit for human habitation and would, with reasonable care and maintenance, remain so fit for a period of at least five years.

(2) As soon as may be after receipt of such a list and request as aforesaid the Authority shall take the list into consideration and inform the owner whether they are of opinion as aforesaid or not, and in a case where they are of that opinion, shall furnish him with a list of the additional works (if any) appearing to them to be required.

(3) Where the Authority have stated that they are of opinion as aforesaid and the works specified in the list submitted to them, together with any additional works specified in a list furnished by them, have been executed to their satisfaction, they shall, on the application of any owner of the house, issue to him a certificate that the house is in all respects fit for human habitation and will with reasonable care and maintenance remain so fit for a period (being a period of not less than five years nor more than ten years) to be specified in the certificate.

(4) During the period specified in a certificate given under this section no action shall be taken under this Act with a view to the demolition of the house as being unfit for human habitation and its reconstruction as part of a slum clearance area.

Judge may empower owner to execute works on default of another owner. [3 of 1962].

19. (1) If it appears to a Judge on the written application of any owner of a house in respect of which a notice requiring the execution of works has been served, or a demolition order has been made, that owing to the default of any other owner of the house in executing any works required to be executed on the house, or in demolishing the house, the interests of the applicant will be prejudiced, the Judge may make an order empowering the applicant forthwith to enter on the house, and, within a period fixed by the order, execute the said works or demolish the house, as the case may be; and where it seems to the Judge just to do so, he may make a like order in favour of any other owner.

(2) Before an order is made under this section notice of the application shall be given to the Authority and to any other owner who may be affected by the order.

(3) Proceedings under this section shall be determined by the Judge in a summary manner, and any order made by him shall be final.

PART V

ACQUISITION AND COMPENSATION

20. (1) Where by this Act the Authority is authorised to acquire land or buildings, or any estate or interest therein, such acquisition may, subject to the provisions of this Act, be by way of gift or may be effected by private treaty or compulsorily under the Land Acquisition Act, and the provisions of section 51 of the said Act shall, subject to the provisions of this Act, apply in relation to any such contemplated acquisition or to any such compulsory acquisition.

Acquisition of land, etc., by Authority. [3 of 1962].

Ch. 58:01.

(2) Nothing in this section shall authorise the compulsory acquisition of any land or building, or any estate or interest therein, which is the property of statutory undertakers, having been acquired by them for the purposes of their undertaking.

21. (1) Any land or buildings, or any estate or interest therein, within a slum clearance area or any part thereof which are intended to be acquired by the Authority for the purposes of this Act may be acquired compulsorily after the expiration of twenty-eight days from the first publication of the notice as required by section 14(1).

Acquisition of land, etc., by Authority for purposes of approved schemes. [3 of 1962].

(2) In the case of land or buildings, or any estate or interest therein, intended to be acquired by the Authority for the purposes of a housing scheme or a re-development scheme, it shall be the duty of the Authority, within the appropriate period specified in this subsection, either to enter into agreements for the purchase of the same or to acquire the same compulsorily.

(3) Subsection (2) shall not apply to land or buildings in respect of which the Authority have, within the approved period as aforesaid, made arrangements with other persons for securing the use of the land in accordance with a re-development scheme.

(4) The appropriate period for the purposes of this subsection (2) shall be—

- (a) in the case of land shown in the plan for the housing scheme or re-development scheme, as the case may be, as intended for the provision of houses for the working class, six months from the date when the approval of the Minister of the appropriate scheme becomes operative;
- (b) in the case of other land in the redevelopment area, two years from that date;

and in either case such extended period as the Minister may on the application of the Authority allow in respect of any land. The obligations imposed on the Authority by this section shall not apply with respect to any land or building, or estate or interest therein, referred to in section 20(2).

Basis for assessing compensation: general provisions. [3 of 1962].

22. (1) Whenever proceedings are taken under the Land Acquisition Act, the provisions of that Act shall, subject to the special provisions hereinafter contained, apply in assessing compensation.

Compensation: special provisions.

(2) In assessing the amount of compensation payable to the owners of land and buildings acquired by the Authority under the provisions of the Land Acquisition Act, regard shall be had to the following provisions, namely:

- (a) in the case of land with buildings thereon which are unfit for human habitation or are dangerous or injurious to the health of the inhabitants of the area, the compensation payable shall be the value at the time when the valuation is made of the site as a cleared site available for development without regard to any buildings existing thereon;
- (b) in the case of land with buildings thereon in respect of which sanitary defects exist but which are not otherwise unfit for human habitation or dangerous or injurious to the health of the inhabitants of the area, the compensation payable shall be the site value as aforesaid together with the value of the buildings at their market value after deducting such amount as would be required to abate the sanitary defects;
- (c) in the case of any other land and building, the compensation payable shall be the full market value at the time when the valuation is made.

However, in the case of any dwelling-house or other building which is regarded as dangerous or injurious to health under paragraphs (a) and (b) only on the ground that by reason of its bad arrangements in relation to other buildings or the narrowness or the bad arrangements of the roads the compensation payable shall be as in paragraph (c), unless it is a building constructed or adapted as, or for the purposes of, a dwelling-house or partly for those purposes and partly for other purposes and part thereof (not being a part used for other purposes) is by reason of disrepair or sanitary defects unfit for human habitation.

(3) In assessing the amount of compensation payable to the owners of land and buildings acquired by the Authority under the Land Acquisition Act for any area within a re-development scheme there may be taken into consideration any undertaking given by the Authority with respect to the time within which, and the manner in which, the re-development or any part thereof is to be carried out and any increased value which will be given to other premises of the same owner.

Ch. 58:01.

(4) In determining for the purposes of this Act whether a house is fit for human habitation, regard shall be had to the extent, if any, to which by reason of disrepair or sanitary defects the house falls short of the provisions of any bye-laws in operation in the district in which the house is situate.

(5) The owner of any building which is regarded as unfit for human habitation shall be entitled on making a request in writing to be furnished by the Authority with a statement in writing of their reasons for deciding that the building is so unfit.

23. (1) Where as respects a dwelling-house acquired by the Authority under the provisions of the Land Acquisition Act for any of the purposes of this Act as being unfit for human habitation, the Minister is satisfied, after causing the house to be inspected by a Medical Officer of Health that, notwithstanding its sanitary defects, it has been well maintained, the Minister may give directions for the making by the Authority of a payment under this section in respect of the house as provided below.

Payments in respect of well maintained houses. [3 of 1962]. Ch. 58:01.

(2) A payment under this section shall be of an amount equal either—

(a) to the amount by which the aggregate expenditure which is shown to the satisfaction of the Authority to have been incurred in maintaining the house during the five years immediately before the date on which the order was made exceeds an amount equal to one and one-quarter times the rateable value of the houses, or

(b) to one and half times, or, if at that date the house is occupied by an owner thereof and has been owned and occupied by him or a member of his family continuously during the three years immediately before that date, three times, the rateable value of the house, whichever is the greater. A payment under this section shall not in any case exceed the difference between the full value of the house (that is to

say the amount which would have been payable as compensation if it had been acquired compulsorily but not as unfit for human habitation) and the site thereof (that is to say the amount which is payable as compensation by virtue of its being acquired compulsorily as being unfit for human habitation, or which would have been so payable if it had been so acquired), and any question as to such value shall be determined, in default of agreement, as if it had been a question of disputed compensation arising on such a purchase.

- (3) A payment under this section shall be made—
- (a) if the house is occupied by an owner thereof to him; or
 - (b) if the house is not so occupied to the person or persons liable under any written law, covenant or agreement to maintain and repair the house, and if more than one person is so liable, in such shares as the Authority think equitable in the circumstances; but

but if any other person satisfies the Authority that the good maintenance of the house is attributable to a material extent to work carried out by him or at his expense, the Authority may, if it appears to them to be equitable in the circumstances, make payment, in whole or in part, to that person.

(4) In this section the expression "rateable value" means in relation to a house the value which, in the assessment list in force at the date on which the order is made, is shown on that date as the rateable value of the house.

Power of Authority to make allowances to certain persons displaced. [3 of 1962].

24. The Authority may pay to any person displaced from any dwelling-house or other building in a slum clearance area or a re-development area, as the case may be, which has been purchased by them under the provisions of this Act as being unfit for human habitation and not capable at reasonable expense of being rendered so fit, such reasonable allowance as they think fit towards his expense in removing; and, to any person carrying on any trade or business in any such dwelling-house or other building, they may also pay such reasonable allowance as they think fit towards the loss which, in their opinion, he will sustain by reason of the disturbance of his trade or business consequent on his having to quit the house or building and in estimating that loss they shall have regard to the period for which the premises

occupied by him might reasonably have been expected to be available for the purpose of his trade or business and the availability of other premises suitable for that purpose.

25. (1) The Minister may make such order as he thinks fit in favour of any owner of any land included in any approved scheme or order for the allowance of reasonable expenses properly incurred by the owner in opposing the scheme or order.

Provisions as to costs of persons opposing schemes or orders. [3 of 1962].

(2) All expenses of any person to such amount as may be allowed to him by the Minister in pursuance of the aforesaid power shall be deemed to be expenses incurred by the Authority under this Act, and shall be paid to that person in such manner and at such times, and either in one sum or by instalments, as the Minister may order.

PART VI

COMPLETION OF SCHEMES AND CONSEQUENTIAL POWERS AND DUTIES OF THE AUTHORITY

26. (1) It shall be the duty of the Authority, who are hereby empowered to do so, to take steps for carrying into execution any scheme after such scheme has been approved by the Minister within such time as may be specified in such scheme or within such further time as may be allowed by the Minister.

Authority to carry out scheme. [3 of 1962].

(2) The Authority may in like manner and for the purposes of such scheme lay out, pave, sewer and complete all such roads upon the land acquired by them; and all roads so laid out and completed if situated within the jurisdiction of a Local Authority shall thenceforth be public roads repairable by the Local Authority.

(3) Subject to the approval of the Minister the Authority may also engage with any person to carry the whole or any part of the scheme into effect upon such terms as the Authority may think expedient.

(4) When and so soon as a scheme has been substantially completed by the Authority in accordance with the provisions of this Act, the Authority shall certify that fact to the Minister and specify the date upon which the buildings within the area of such scheme or any part thereof were or shall be ready for habitation.

Certificate by Authority of completion of scheme.

Recovery of possession of buildings within areas of approved schemes. [3 of 1962].

Ch. 27, No. 17. (1950 Ed.) Third Schedule.

27. (1) Where any scheme has been approved in accordance with the provisions of this Act the Authority shall serve on the occupier of any land or building or any part thereof within the area of such scheme a notice stating the effect of such scheme and specifying the date by which the Authority require the building to be vacated, and requiring him to quit the said land or the building before the said date or before the expiration of twenty-eight days from the service of the notice, whichever may be the later; and if at any time after the date on which the notice requires the land or building to be vacated any person is in occupation of the land or building or any part thereof, the Authority may make complaint to the Magistrate of the district within which the land or building is situate and thereupon the Magistrate shall by warrant in the form set out in the Third Schedule to the Summary Ejectment Ordinance or in a form to the like effect, order vacant possession of the land or building or of any part thereof to be given to the complainants, within such period as may be determined by the Magistrate, and the Magistrate may allow any costs and expenses incurred by the Authority under this section in obtaining possession of any land or building.

(2) Any person who knowing that a scheme in any area has been approved and applies to any land or building, enters into occupation of that land or of any of such buildings or any part thereof after the approval of such scheme in such area or permits any person to enter into such occupation after that date, is liable, on summary conviction, to a fine of one thousand dollars and to a further fine of one hundred dollars for every day or part of a day on which the occupation continues after conviction.

Power of Judge to determine lease where premises demolished.

28. (1) Where any premises in respect of which any order or scheme under this Act has become operative, form the subject matter of a lease, either the lessor or the lessee may apply in writing to a Judge for an order under this section.

(2) Upon any such application as aforesaid, the Judge, after giving to any sub-lessee an opportunity of being heard, may, if he thinks fit, make an order for the determination of the lease, or for the variation thereof, and, in either case, either unconditionally or subject to such terms and conditions (including conditions with respect to the payment of money by any party to the proceedings to any other party thereto by way of compensation, damages or otherwise) as the Judge may think just and equitable to impose, regard being had to the respective rights, obligations and liabilities of the parties under the lease and all the other circumstances of the case.

(3) In this section the expression "lease" includes an under-lease and any tenancy or agreement for a lease, under-lease or tenancy, whether any such be registered or not, and the expressions "lessor", "lessee," and "sub-lessee" shall be construed accordingly and as including also a person deriving title under a lessor, lessee or sub-lessee.

29. (1) Where the removal or alteration of apparatus belonging to statutory undertakers on, under, or over land purchased by the Authority under the provisions of this Act, or on, under, or over a road running over, or through, or adjoining any such land, is reasonably necessary for the purpose of enabling the Authority to exercise any of the powers conferred upon them by this Act, the Authority shall have power to execute works for the removal or alteration of the apparatus subject to and in accordance with the provisions of this section.

Provisions as to apparatus of statutory undertakers in land dealt with by Authority under the Act. [3 of 1962].

(2) The Authority shall serve on the undertakers notice in writing of their intention with particulars of the proposed works and of the manner in which they are to be executed, and plans and sections thereof, and shall not commence any works until the expiration of a period of twenty-eight days from the date of service of the notice, and the undertakers may within that period by notice in writing served on the Authority—

- (a) object to the execution of the works or any of them on the ground that they are not necessary for the purpose aforesaid; or
- (b) state requirements to which, in their opinion, effect ought to be given as to the manner of, or the observance of conditions in, the execution of the works, as to the execution of other works for the protection of other apparatus belonging to the undertakers or as to the execution of other works for the provision of substituted apparatus whether permanent or temporary;

and—

- (i) if objection is so made to any works and not withdrawn, the Authority shall not execute the works unless they are determined by arbitration to be so necessary;
- (ii) if any such requirement as aforesaid is so made and not withdrawn, the Authority shall give effect thereto unless it is determined by arbitration to be unreasonable.

(3) The Authority shall make to statutory undertakers reasonable compensation for any damage which is sustained by them by reason of the execution by the Authority of any works under subsection (1) and which is not made good by the provision of substituted apparatus. Any question as to the right of undertakers to recover compensation under this subsection or as to the amount thereof shall be determined by arbitration.

(4) Where the removal or alteration of apparatus belonging to statutory undertakers, or the execution of works for the provision of substituted apparatus, whether permanent or temporary, is reasonably necessary for the purposes of their undertaking by reason of the stopping up, diversion or alteration of the level or width of a road by the Authority under powers exercisable by virtue of this Act, they may, by notice in writing served on the Authority, require them (at the expense of the Authority) to remove or alter the apparatus or to execute the works, and where any such requirement is so made and not withdrawn, the Authority shall give effect thereto unless they serve notice in writing on the undertakers of their objection to the requirement within twenty-eight days from the date of service of the notice upon them and the requirement is determined by arbitration to be unreasonable.

(5) At least seven days before commencing any works which they are authorised or required under the preceding provisions of this section to execute, the Authority shall, except in case of emergency, serve on the undertakers notice in writing of their intention to do so, and the works shall be executed by the Authority under the superintendence (at the expense of the Authority) and to the reasonable satisfaction of the undertakers. However, if within seven days from the date of service on them of notice under this subsection the undertakers so elect, they shall themselves execute the works in accordance with the reasonable directions and to the reasonable satisfaction of the Authority and the reasonable costs thereof shall be repaid to the undertakers by the Authority.

(6) Any difference arising between statutory undertakers and the Authority under subsection (5), and any matter which is by virtue of the preceding provisions of this section to be determined by arbitration, shall be so determined in the manner provided by the Arbitration Act.

(7) In this section references to the alteration of apparatus include references to diversion and to alteration of position or level.

30. (1) The Authority may with the approval of the Minister by an Order extinguish any public right of way over any land purchased by them in accordance with the provisions of this Act but notice of an Order intended to be made under this section shall, prior to such approval, be published in the *Gazette* and in a local daily newspaper at least once in every week for a period of four weeks, and if any objection thereto is made to the Minister before the expiration of six weeks from the date of the first publication thereof, the Minister shall consider such objection before approving the Order, and he may if he thinks fit, cause a public enquiry into the matter to be held under the Commissions of Enquiry Act.

Extinguishment
of ways,
easements, etc.
[3 of 1962].

Ch. 19:01.

(2) Any such Order when approved shall be published in the *Gazette* and shall take effect from the date of such publication or from the date specified in such Order.

(3) Upon the completion by the Authority of the purchase by them of any land in accordance with this Act all private rights of ways and all rights of laying down, erecting, continuing and maintaining any pipes, sewers, drains, wires or cables on, under or over that land (together with the property in those pipes, sewers, drains, wires or cables) and all other rights or easements in or relating to that land shall, except so far as may be otherwise agreed by the Authority and the person or Authority entitled to the rights in question, vest in the Authority and any persons who suffer loss by the vesting of any such rights or property as aforesaid shall be entitled to be paid by the Authority, compensation to be determined under and in accordance with the provisions of the Land Acquisition Act.

Ch. 58:01.

31. (1) The Authority may, for any purpose arising in relation to the making, enforcement or carrying out of a scheme, by notice in writing require the owner or occupier of any land or building in the area to which such scheme relates or is intended to relate or any person receiving, whether for himself or for another, rent out of any such land or building, to state in writing to the Authority within a specified time not less than twenty-one days after being so required, particulars of the estate, interest or right by virtue of which he owns or occupies such land or building or receives such rent (as the case may be) and the name and address, and the estate, interest or right (so far as they are known to him) of every person who to his knowledge has any estate or interest in or right over or in respect of such land or building.

Power of
Authority to
require
information as
to ownership of
premises.
[3 of 1962].

(2) Every person who is required under this section to state in writing any matter or thing to the Authority and either fails so

to state such matter or thing within the time appointed under this section or when so stating any such matter or thing makes any statement in writing which is to his knowledge false or misleading in a material respect, is liable on summary conviction to a fine of one thousand dollars.

Power of entry for inspection, etc.
[3 of 1962].

32. Any person authorised in writing stating the particular purpose or purposes for which the entry is authorised, by the Authority or the Minister may at all reasonable times, on giving twenty-four hours' notice to the occupier, and to the owner, if the owner is known, of his intention, enter any house, premises, or buildings for the purpose of inspecting the same and in particular—

- (a) for the purpose of survey or valuation, in the case of houses, premises or buildings which the Authority are authorised to purchase compulsorily under this Act; and
- (b) for the purpose of survey and examination, in the case of a house in respect of which a notice requiring the execution of works has been served, or a demolition order, or a clearance order, has been made; or
- (c) for the purpose of survey and examination, where it appears to the Authority or the Minister that survey or examination is necessary in order to determine whether any powers under this Act should be exercised in respect of the house, premises or building.

Penalty for obstructing execution of Act.
[3 of 1962].

33. Any person who obstructs a Medical Officer of Health or any officer of the Authority, or any person authorised to enter houses, premises, or buildings in pursuance of this Act in the performance of anything which such officer, Authority, or person is by this Act required or authorised to do, is liable, on summary conviction, to a fine of one thousand dollars.

Further powers of Authority in relation to sales, leases or exchanges.
[3 of 1962].

34. (1) Where under the powers conferred by this Act the Authority sell or lease land or buildings, the Authority may contribute from their funds towards the lawful development thereof; but as regards any land to be used for the construction of roads, it shall be a condition of any such contribution that the roads shall be dedicated to the public.
