

GOVERNMENT NOTICE No. 119

TRINIDAD AND TOBAGO

THE STATISTICS ORDINANCE, CH. 42. No. 11

REGULATIONS

MADE BY THE GOVERNOR IN COUNCIL UNDER SECTION 13 OF THE
STATISTICS ORDINANCE

THE STATISTICS (ANNUAL LAND RETURNS) REGULATIONS, 1956

1. These Regulations may be cited as the Statistics (Annual Land Returns) Regulations, 1956.

2. In these Regulations—

“Estate” means the total area of land referred to in regulation 3 of these Regulations;

“Government Statistician” means the head of the Statistical Department of the Government of the Colony.

3. Every occupier of a total of 100 acres or more of land shall supply to the Government Statistician in November, 1956, and in November of each succeeding year, information as hereinafter provided in respect of all lands occupied by him.

4. Information shall be supplied on the prescribed form obtainable from the office of the Government Statistician or from Wardens or from Local Ward Officers.

5. The information supplied shall be in respect of any date or dates within the period 1st October of the previous year to 30th September of the current year, as the Government Statistician may specify :

Provided that the Government Statistician may, in his discretion, permit an occupier to supply information in respect of any date or dates within a 12-month period, other than the above, if he is satisfied that in so doing the information could be supplied more readily and more accurately.

6. The information supplied shall be in respect of such of the following matters as are prescribed in the form :—

(a) the name of the Estate;

(b) whether the occupier is an individual, or a partnership, or a body corporate;

(c) the type of land tenure;

(d) the total acreage of the Estate;

(e) the acreage of land under the various main land uses including built-on and service areas, high stands of forests, secondary forest and secondary growth, uncultivated land capable of being used for agricultural purposes, waste land not capable of being used for agricultural purposes, land under tree crops, land under other crops, cultivated pastures, rough grazing, other agricultural land including cultivated swamp, uncultivated swamp and inland water bodies;

- (f) the total acreage of land under each crop as well as the acreage planted and the acreage reaped; also, where appropriate, the number of trees or plants of each crop, or in the case of crop mixtures, the acreages and, where appropriate, the number of trees of the main crop and a list of subsidiary crops mixed with the main crop, including where practicable the number of trees or plants of each subsidiary crop;
- (g) the number of livestock (including poultry) on the Estate distinguishing the number of different types, sexes and ages of animals;
- (h) the total quantities produced and the total quantities sold and values (estimated values if actual values are not available) of each crop, livestock and livestock product;
- (i) the quantities and values (estimated values if actual values are not available) of stocks of principal agricultural and livestock products;
- (j) the numbers of persons working on the Estate during specified periods including particulars of sex, age, occupation and occupational status;
- (k) wages and salaries paid, distinguishing amounts paid to :—
 - (i) administrative, technical and clerical employees; and
 - (ii) other employees;
 - excluding the names of individuals;
- (l) the total number of man hours worked or the total number of tasks worked where applicable;
- (m) particulars of accommodation provided for employees;
- (n) the quantities and cost of planting materials and seeds, fertilizers and insecticides and other materials purchased;
- (o) number and capacity of pieces of machinery;
- (p) power equipment installed, showing :—
 - (i) capacity of prime movers distinguishing—
 - (a) those directly applied to machines from those applied to generators;
 - (b) those in use from those in reserve;
 - (ii) capacity of electric motors, distinguishing those using energy generated in the establishment from those using purchased energy;
- (q) the sources of water supply;
- (r) (i) particulars of land reclamation;
 - (ii) other capital expenses;
- (s) advances made to tenants and contractors.

7. The returns to be made under these Regulations shall be submitted so as to reach the Government Statistician within 30 days of the date of the request for such return or of the last date to which the return relates, whichever is the later :

Provided that if the person required to make the return shall, within the aforementioned period of 30 days, submit in writing to the Government Statistician reasons why he is unable to complete the return by the required date, the Government Statistician may, in his discretion, allow a further period not exceeding 30 days within which the return shall be submitted.

8. Every return shall be signed by the person by whom it has been made and such person shall state thereon :—

- (a) the name and address of the person making the return;
- (b) the capacity in which he makes the return;
- (c) the date on which the return is made.

9. The purpose of these Regulations is to provide for the collection of information for use in the calculation of the National Income of the Colony, and in the planning of agricultural development.

Made by the Governor in Council this 21st day of August, 1956.

GORDON MANCINI

Acting Clerk, Executive Council
