[22ND MAY 1952]

1. This Act may be cited as the Teachers' Pensions Act.

Short title.

2. In this Act—

“other public service” and “public service” have the same meanings as are respectively assigned to these expressions in the Pensions Act;

Ch. 23:52.

However, where the period of such other service or course of training is paid for from public funds not provided for a specific appointment, only one-half shall be counted for the purposes of this Act;

“teacher” means a person who is registered as such under the former Education Ordinance (now repealed) and the Education Act, and who is or has been employed in full-time service in a teaching capacity in a school. Ch. 14 No. 1.
(1950 Ed.).
Ch. 39:01.

3. (1) The President may by Notification vary the First Schedule by adding thereto any other territory or authority, or by removing therefrom any territory or authority for the time being included therein. President may vary First Schedule. [31 of 1964].

(2) A notice of variation referred to in subsection (1) shall be laid before both Houses of Parliament.

(2) The President may make Regulations for the granting of pensions, gratuities and other allowances to teachers and every such Regulation when made shall be laid before Parliament. President may make regulations.

(3) Whenever the President is satisfied that it is equitable that any Regulation made under this section should have retrospective effect in order to confer a benefit upon or remove a disability attaching to any person that Regulation may be given retrospective effect for that purpose; but no such Regulation shall

have retrospective effect unless it has received the prior approval of Parliament signified by resolution.

(4) The Teachers' Pensions Regulations (formerly contained in a Schedule to this Act) shall be deemed to be made under subsection (2) and may be amended or revoked under that subsection.

Age of compulsory retirement.

7. Every teacher in teaching service in Trinidad and Tobago shall, unless the President otherwise determines, retire at the age of sixty years. In special cases, the President may require a teacher in teaching service in Trinidad and Tobago to retire at any time after he attains the age of fifty years.

Circumstances in which pensions may be granted. Teacher may be granted pension at 55 years, or earlier on account of ill-health. [38 of 1966].

8. (1) Except in the cases mentioned below, no pension, gratuity or other allowance shall be granted to any teacher who has not attained the age of fifty-five years (in special cases, with the approval of the President, fifty years), unless on medical evidence to the satisfaction of the President that he is incapable, by reason of some infirmity of mind or body of discharging the duties of his office, and that the infirmity is likely to be permanent. The consent of the President shall be obtained in respect of—

- (b) a teacher who is a member of a unified branch of the service;
- (c) a teacher occupying any other post of which the initial salary is not less than two thousand dollars a year.

(2) If a teacher is transferred to other public service or other teaching service and ultimately retires at an age less than fifty-five years at which he is permitted by the law or regulations of that service to retire with a pension, the pension which may be granted to him from public funds under this Act shall be payable from the date of retirement of the teacher, notwithstanding that he shall not be fifty-five years of age.

(3) Where a teacher's service is terminated on the ground that having regard to the conditions of the teaching service, the usefulness of the teacher thereto and all the other circumstances of the case, the termination is desirable in the public interest, and a pension, gratuity or other allowance cannot otherwise be granted to him under this Act the President may, if he thinks fit, grant such pension, gratuity or other allowance as he thinks just and proper, not exceeding in amount that for which the officer would be eligible if he retired from the teaching service by reason of some infirmity of mind or body likely to be permanent in the circumstances described in subsection (1).

Teachers whose service is terminated in public interest in certain circumstances may be retired.

(4) Subsection (3) shall be deemed to have had effect from 1st January 1965.

(5) If a teacher in teaching service in Trinidad and Tobago ceases to be a teacher in consequence of the abolition or re-organisation of any office, he may be granted a temporary pension, subject to the condition that he shall hold himself ready to be recalled to service; but if the teacher is not qualified for other employment or if there is no reason, in the opinion of the President, to expect that he can be re-employed, a pension may be granted to him free from the above-mentioned condition.

Teacher may be retired on abolition of office.

9. If a teacher, to whom a pension has been granted under this Act is appointed to an office under the Government or in other public service or is re-employed in teaching service the payment of his pension or any part thereof may, if the President thinks fit, be suspended during the period of his re-employment.

Suspension of pension on re-employment.

10. (1) Every person in teaching service at the commencement of this Act who has exercised or has been deemed to have exercised the option provided for in section 14 of the School Teachers' Pensions Ordinance and who elects under section 17 of this Act to be subject to this Act shall, subject to this Act be granted on his retirement an unreduced pension or a reduced pension and gratuity as the case may be, under this Act in accordance with his decision when exercising the option.

(2) Every person in teaching service at the commencement of this Act and appointed as a teacher before 1st January 1924, who has not exercised and is not deemed to have exercised the option referred to in subsection (1) and who elects under section 17 to be subject to this Act shall, subject to this Act, be granted an unreduced pension under this Act.

(3) Every other person in teaching service at the commencement of this Act who elects under section 17 to be subject to this Act shall, subject to this Act, be granted on his retirement a reduced pension and gratuity under this Act.

Ch. 14 No. 5.
(1950 Ed.).

(4) The President may, by Notification, declare that any teacher who has inadvertently omitted to exercise the option provided for in section 14 of the School Teachers' Pensions Ordinance and who elects under section 17 of this Act to be subject to this Act shall be deemed to have duly exercised the option, and thereupon this section shall apply to such teacher as though he had exercised the option in accordance with section 14 of the School Teachers' Pensions Ordinance.

(5) Every person appointed as a teacher after the commencement of this Act shall, subject to this Act, be granted on his retirement a reduced pension and gratuity under this Act.

(6) Notwithstanding anything contained in this section, every person subject to this Act who continues in the service of the State as a teacher after he attains the age of sixty years at his own request and not for the convenience of the service shall, subject to this Act be granted on his retirement an unreduced pension under this Act.

(7) In the application of this section to the case of any teacher, reduced pension means three-fourths of the pension, calculated in accordance with this Act, which is appropriate to such case; and gratuity means twelve and one half times the annual value of the reduction so made in such pension.

Certain provisions of Pensions Act applicable to teachers. Ch. 23:52.

11. The following provisions of the Pensions Act, namely section 23 (which protects pensions), section 24 (which enables a pension to be applied towards maintenance of dependants), sections 25 and 26 (which provide for cessation of pension on bankruptcy and on conviction), section 27 (which provides for cessation of pension on acceptance of certain appointments) and section 28 (which empowers the President to decide questions arising under the Act shall apply to pensions granted under this Act in like manner as they apply to pensions granted under that Act.

Maximum pension.

12. (1) No pension granted to a teacher under this Act shall exceed two-thirds of the highest salary drawn by the teacher at any time in the course of his service.

(2) A teacher who has been granted a pension in respect of other public service or other teaching service shall not at any time

draw from public funds an amount of pension, which when added to the amount of any pension or pensions drawn in respect of other public service or other teaching service, exceeds two-thirds of the highest salary drawn by him at any time in the course of his teaching service. However, where a teacher receives in respect of some period of teaching service both a gratuity and a pension, the amount of the pension shall be deemed for the purposes of this subsection to be four-thirds of its actual amount.

(3) Where the limitation specified in subsection (2) operates, the amount of the pension to be drawn from public funds shall be subject to the approval of the President in order that it may be determined with due regard to the amount of any pension or pensions to be drawn in respect of other public service or other teaching service.

(4) For the purposes of this section an additional pension granted in respect of injury shall not be taken into account; but where the teacher is granted such an additional pension under this Act the amount thereof together with the remainder of his pension or pensions shall not exceed fifty-sixtieths of his highest salary at any time in the course of his teaching service.

13. (1) No teacher shall have an absolute right to compensation for past services or to pension, gratuity or other allowance under this Act, nor shall anything contained in this Act limit the right of the State to dismiss any teacher without compensation.

Pension or other allowance, not of right.

(2) Where it is established to the satisfaction of the President that a teacher has been guilty of negligence, irregularity or misconduct, the pension, gratuity or other allowance payable to him may be reduced or altogether withheld.

14. (1) Where a teacher dies while in teaching service in Trinidad and Tobago the President may grant a gratuity of an amount not exceeding one year's salary of the teacher, or his commuted pension gratuity, if any, whichever is the greater; and any gratuity so granted shall be paid to his legal personal representative.

Gratuity to legal personal representative when teacher dies in teaching service or shortly after retirement therefrom. [11 of 1957; 8 of 1959].

(2) For the purposes of subsection (1) the expression "commuted pension gratuity" means the gratuity, if any, calculated in the manner prescribed in section 10, which might have been granted to the teacher if he had retired immediately before his death in circumstances rendering him eligible to receive a gratuity and reduced pension instead of an unreduced pension.

(3) Where any teacher to whom either an unreduced pension or a gratuity and reduced pension has been granted under this Act, dies after retirement from teaching service in Trinidad and Tobago and the sums paid or payable to him at his death on account of the unreduced pension or gratuity and reduced pension, as the case may be, are less than the annual salary of which he was in receipt at the date of his retirement, the President may grant a gratuity equal to the deficiency; and any gratuity so granted shall be paid to his legal personal representative.

(4) Notwithstanding subsections (1), (2) and (3) the President may, in any case where the amount of the gratuity payable thereunder does not exceed the sum of four hundred and eighty dollars, dispense with the production of probate or letters of administration and cause the gratuity to be paid to the dependant or dependants of the teacher and, where there is more than one such dependant, may divide the gratuity among the dependants in such proportion as he may think fit.

(5) Subsections (1), (2) and (3) shall be deemed to have had effect as from 8th August 1953.

Pensions to dependants when teacher is killed on duty.

15. (1) Where a teacher in teaching service in Trinidad and Tobago dies as a result of injuries received—

- (a) in the actual discharge of his duty;
- (b) without his own default; and
- (c) on account of circumstances specifically attributable to the nature of his duty while in teaching service in Trinidad and Tobago, the President may grant in addition to the grant, if any, made to his legal personal representative or to his dependants under section 14—
 - (i) if the deceased teacher leaves a widow, a pension to her, while unmarried and of good character at a rate not exceeding ten-sixtieths of his salary at the date of the injury or seventy-two dollars a year, whichever is the greater;
 - (ii) if the deceased teacher leaves a widow to whom a pension is granted under subparagraph (i) and a child or children, a pension in respect of each child, until the child attains the age of eighteen years, of an amount not exceeding one-eighth of the pension prescribed under subparagraph (i);

- (iii) if the deceased teacher leaves a child or children but does not leave a widow or no pension is granted to the widow, a pension in respect of each child, until the child attains the age of eighteen years, of double the amount prescribed by subparagraph (ii);
- (iv) if the deceased teacher leaves a child or children and a widow to whom a pension is granted under subparagraph (i) and the widow subsequently dies, a pension in respect of each child as from the date of the death of the widow until the child attains the age of eighteen years, of double the amount prescribed in subparagraph (ii);
- (v) if the deceased teacher does not leave a widow, or if no pension is granted to his widow, and if his mother was wholly or mainly dependent on him for her support, a pension to the mother, while of good character and without adequate means of support, of an amount not exceeding the pension which might have been granted to his widow:

Provided that—

(A) a pension shall not be payable under this subsection at any time in respect of more than six children;

(B) in the case of a pension granted under subparagraph (v), if the mother is a widow at the time of the grant of the pension and subsequently remarries the pension shall cease as from the date of re-marriage; and if it appears to the President at any time that the mother is adequately provided with other means of support, the pension shall cease as from such date as the President may determine;

(C) a pension granted to a female child under this section shall cease upon the marriage of the child under the age of eighteen years.

(2) For the purposes of this section the word "child" includes—

- (a) a posthumous child;
- (b) a step-child or illegitimate child born before the date of the injury and wholly or mainly dependent upon the deceased teacher for support; and

(c) an adopted child, adopted in a manner recognised by law, before the date of the injury, and dependent as mentioned above.

(3) If a teacher proceeding by a route approved by the President to or from Trinidad and Tobago at the commencement or termination of his service therein, or of a period of leave therefrom, dies as a result of damage to the vessel, vehicle or aircraft in which he is travelling, or of any act of violence directed against the vessel, vehicle or aircraft, and the President is satisfied that the damage or act is attributable to circumstances arising out of any war in which the State may be engaged, the teacher shall be deemed, for the purposes of this section, to have died in the circumstances described in subsection (1).

(4) This section shall not apply in the case of the death of any teacher selected for appointment on or after 1st December 1938, if his dependants, as defined in the Workmen's Compensation Act, are entitled to compensation under that Act.

Ch. 88:05.

Gratuities to supplementary teachers.

16. (1) A supplementary teacher in teaching service in Trinidad and Tobago may on retirement be granted a gratuity in such circumstances and of such amount as the President may determine; but a gratuity granted under this section shall not exceed an amount equal to three-eighths of a month's salary for each complete six months of service.

(2) For the purposes of this section the expression "supplementary teacher" means a person who is not in full-time service in any one school and who instructs a school in handicraft, music, physical training, agriculture or needlework.

Ch. 14 No. 5.
(1950 Ed.).

(2) Such election shall be by written notice addressed to the Chief Education Officer and shall be irrevocable.

(3) Every person in teaching service at the commencement of this Act in respect of whom the Chief Education Officer has received no notice of election under this section shall be deemed to have elected to remain subject to the School Teachers' Pensions Ordinance.

(4) Notwithstanding subsection (3), if a person who has failed to elect under subsection (1) within the time limit prescribed therein wishes to become subject to this Act, he may apply to the President for permission to be allowed to do so; and if the President is satisfied that it would be equitable in the special circumstances of the applicant's case that he should be exempted from the operation of the time limit, he may direct that the application shall be granted, and the applicant shall thereupon be deemed to be subject to this Act.

18. (1) This Act shall apply—

- (a) to every person who is appointed as a teacher after the commencement of this Act;

(1) Where the other teaching service or other public service of a teacher to whom this Part applies has been wholly in one or more scheduled territories and his aggregate service would have qualified him had it been wholly in Trinidad and Tobago for a pension under this Act, he may, on his retirement from teaching service or other public service in circumstances in which he is permitted by the law or Regulations of the teaching service or other public service in which he is last employed to retire on pension or gratuity, be granted in respect of his service in

Pension for service wholly within the group.

Trinidad and Tobago a pension of such an amount as bears the same proportion to the amount of pension for which he would have been eligible had his service been wholly in Trinidad and Tobago, as the aggregate amounts of his pensionable emoluments during his service in Trinidad and Tobago bear to the aggregate amounts of his pensionable emoluments throughout his service in the group.

(2) In determining for the purposes of this Regulation the pension for which a teacher would have been eligible if his service had been wholly in Trinidad and Tobago—

- (a) his pensionable emoluments shall be determined by reference to the pensionable emoluments enjoyed by him during the last three years of his teaching service or other public service, except that where the teacher is not serving in a scheduled territory at the date of his retirement from teaching service or other public service, his pensionable emoluments during the last three years of his teaching service or other public service in a scheduled territory shall be taken;
- (b) no regard shall be had to any additional pension under regulation 21;
- (c) regard shall be had to the condition that pension may not exceed two-thirds of his highest pensionable emoluments;
- (d) no period of other teaching service or other public service in a scheduled territory in respect of which no pension or gratuity is granted to him shall be taken into account.

(3) For the purposes of this Regulation the aggregate amount of a teacher's pensionable emoluments shall be taken as the total amount of pensionable emoluments which he would have received or enjoyed had he been on duty on full pay throughout the period of his service in the group subsequent to the attainment of the age of twenty years and prior to the attainment of the age of sixty years; but in calculating the aggregate amount of his pensionable emoluments no account shall be taken of any service in a scheduled territory in respect of which no pension or gratuity is granted to him.

Pension where other service not within the group.

9. (1) Where the other public service of a teacher to whom this Part applies has not included service in any of the scheduled territories, and his aggregate service would have qualified him, had it been wholly in Trinidad and Tobago, for a pension under

these Regulations, he may, on his retirement from teaching service or other public service in circumstances in which he is permitted by the law or regulations of the service in which he is last employed to retire on a pension or gratuity, be granted in respect of his service in Trinidad and Tobago, a pension at the annual rate of one six-hundredths of his pensionable emoluments for each complete month of his pensionable service in Trinidad and Tobago.

(2) Where the teacher is in other public service at the time of his retirement in the circumstances referred to in subregulation (1), his pensionable emoluments for the purposes of the subregulation shall be those which would have been taken for the purpose of computing his pension if he had retired from teaching service and had been granted a pension at the date of his last transfer from the service of the State.

10. Where a part only of the other teaching service or other public service of a teacher to whom this Part applies has been in one or more of the scheduled territories, regulation 8 shall apply; but in calculating the amount of pension, regard shall be had only to service in the group.

Pension where other teaching service or other public service both within and not within the group.

11. Where a teacher to whom this Part applies retires from teaching service or other public service in circumstances in which he is permitted by the law or regulations of the service in which he is last employed to retire on pension or gratuity and has been in teaching service for five years or more but less than ten years, he may be granted in respect of his service in Trinidad and Tobago, a gratuity not exceeding five times the annual amount of the pension which, if there had been no qualifying period, might have been granted to him under regulation 8, 9, or 10, as the case may be.

Gratuity where length of service does not qualify for pension.

PART IV

GENERAL

12. Where a female teacher in teaching service in Trinidad and Tobago, having completed not less than five years teaching service retires from the service for the reason that she has married or is about to marry, and is not eligible for the grant of any pension or otherwise eligible for a gratuity under these Regulations, she may be granted on production within six months after her retire-

ment, or such longer period as the President may in any particular case allow, of satisfactory evidence of her marriage, a gratuity not exceeding one-twelfth of a month's salary for each complete month of teaching service or one year's salary, whichever shall be the less.

Special provision relating to employment of married female teachers. [74/1966].

13. (1) Notwithstanding anything contained in these Regulations, but subject to subregulation (2), a married female teacher who—

- (a) has resigned or resigns from the teaching service on or after 19th October 1956, for the reason that she is married or is about to become married; and
- (b) has been subsequently re-employed permanently in such service,

shall, for the purpose of computing the amount of her pension, gratuity and allowance, be entitled to have taken into account as pensionable service both the period of service preceding the resignation from, and the period of subsequent employment in, the teaching service.

(2) In computing the pension, gratuity or other allowance to which a married female teacher is eligible under subregulation (1), there shall be deducted the amount of any gratuity granted under regulation 12.

Saving.

(3) Nothing contained in this Regulation shall affect the rate of pensions being paid or payable to, or the pension, privileges, gratuities or allowances of married female teachers who have retired or resigned from the teaching service at the date of the coming into operation of this Regulation (that is, 17th June 1966).

Service qualifying for pension, gratuity or allowance.

14. Subject to the provisions of the Act and of these Regulations, service qualifying for pension, gratuity or allowance, as the case may be, shall be the aggregate of the periods of teaching service in Trinidad and Tobago.

Service to be unbroken.

15. (1) The period of service in respect of which pension, gratuity or allowance will be granted must be unbroken; however—

- (a) the period of service prior to a break of service may be allowed to count for pension, gratuity or allowance together with service subsequent to the break in cases where the service has been interrupted by abolition of office or other temporary suspension of

employment not arising from misconduct, or voluntary resignation of the teacher;

- (b) if a teacher with the consent of the President serves in time of war for any period or periods with the Armed Forces of a Commonwealth territory or in any other capacity connected with the state of war, any such period or periods may, with the approval of the President, be counted for pension, gratuity or allowance;
- (c) where a teacher is seconded or temporarily transferred for duty in the service of the State, the period during which he shall serve in the office or employment to which he has been seconded or temporarily transferred as aforesaid shall be counted for pension, gratuity or allowance, unless the President shall in any case otherwise decide, as if the teacher had not been seconded or temporarily transferred;
- (d) any period during which a teacher has been absent from duty on leave either on partial pay or without salary, granted on grounds of public policy with the approval of the President and during which he has not qualified for pension, gratuity or allowance in respect of other teaching service or other public service, shall count for pension, gratuity or allowance.

(2) For the purposes of this Regulation, the expression "voluntary resignation" shall not include transfer of a teacher from a school by the proper authority to any other educational institution which is not a school within the meaning of this Act.

(3) The provisions of subregulation (1)(b), (c) and (d) shall be deemed to have been in force from 3rd September 1939.

16. Notwithstanding the provisions of regulation 15, a teacher—

- (a) whose pension has been suspended under section 9 of the Act or under a corresponding provision in any law or regulation relating to the grant of pensions in respect of public service, or other public service or teaching service;
- (b) who has retired from being a teacher without pension on account of ill-health, abolition or re-organisation of office, and has subsequently been re-employed as a teacher; or

Special provisions relating to employment after break of service.

- (c) who has left service pensionable under the Teachers (Superannuation) Act 1925, with a view to entering teaching service not being service pensionable under the said Act, and has, not later than three months after leaving such first mentioned service, received any salary in respect of employment in teaching service not so pensionable,

may, if the President thinks fit, be granted the pension or gratuity for which he would have been eligible if any break in his teaching service immediately prior to such suspension, re-employment or employment had not occurred; such pension to be in lieu of—

- (i) any pension previously granted to him from public funds; and
- (ii) any gratuity so granted which is required to be refunded as a condition of the application of this Regulation to the teacher,

but additional to any gratuity so granted which is not required to be refunded as aforesaid.

However, in calculating a pension granted in pursuance of this Regulation, no account shall be taken for any purposes of the period during which he was not in teaching service or in public service or in other public service.

Computation of pensions and gratuities. Periods of service and absence.

17. (1) For the purpose of computing the amount of a teacher's pension, gratuity or allowance, the following periods shall be taken into account as pensionable service—

- (a) any periods during which he has been on duty;
- (b) any period during which he received half salary from public funds while proceeding to Trinidad and Tobago on first appointment;
- (c) any periods during which he has been absent from duty on leave with full pay;
- (d) any period during which he has been absent from duty on leave either on partial pay or without salary, granted on grounds of public policy with the approval of the President and during which he has not qualified for pension or gratuity in respect of other teaching service or other public service.

Absence on half pay leave.

(2) The periods during which a teacher has been absent on leave on half pay shall, for the purpose of computing the amount of a teacher's pension, gratuity or allowance, be counted at the rate of one month for every two months of such periods, but the

whole of such periods shall be counted for the purpose of determining whether a teacher is eligible for pension. The period during which a teacher has been absent on vacation leave shall, under all circumstances, be counted as service on full pay.

(3) Any periods during which he has been absent on leave, other than those specified above, shall be deducted from the teacher's total service in order to arrive at his period of pensionable service.

Periods not taken into account.

18. Where an officer has performed acting service as a teacher, the period of such service may be taken into account as pensionable service provided that—

Acting service.

- (a) the period of such acting service was not part of the pensionable service of the substantive holder of the office and does not fall to be reckoned as part of the teacher's own pensionable teaching service; and
- (b) this period of service is immediately preceded or followed by service in a substantive capacity as a teacher.

19. For the purpose of computing the amount of a teacher's pension, gratuity, or allowance—

Computation of pensions, &c., on what emoluments to be based.

- (a) in the case of a teacher who has held one office for a period of three years immediately preceding the date of his retirement, the full salary payable to him at that date in respect of that office shall be taken;
- (b) in the case of a teacher who at any time during such period of three years has been transferred from one office to another, but whose salary has not been changed by reason of the transfer or transfers, the full salary payable to him at the date of his retirement in respect of the office then held by him shall be taken;
- (c) in other cases one-third of the aggregate salary payable to the teacher in respect of his service during the said three years shall be taken. However—
 - (i) if such one-third is less than the full salary which was payable to him at the date of his transfer within such period of three years the President may grant him a pension calculated on the full salary payable to him at that date; and

- (ii) if such one-third is less than the full salary which would have been enjoyed by him at the date of his retirement, if he had continued to hold any office from which he had been transferred at any time during such period of three years, and had received all increments which, in the opinion of the President, would have been granted to him, the full salary which would have been so payable to him shall be taken; and
- (iii) for the purposes of calculating salary under this sub-subregulation the officer shall be deemed to have been on duty on full salary throughout the said three years.

Rates of pension or gratuity when office abolished.

20. (1) In the case of a teacher who retires, or is removed from office, in circumstances contemplated by section 8(5) of the Act, and who is otherwise eligible for pension, his pension may be increased at the rate of the number of 720ths of his salary exceeding the pension allowed under regulation 4 by the following numbers—

In the case of a teacher who served—

(a) 20 years and upwards	60
(b) less than 20 years, but not less than 17 years	48
(c) less than 17 years, but not less than 15 years	36
(d) less than 15 years, but not less than 12 years	24
(e) less than 12 years, but not less than 10 years	12

(2) No additional pension shall be granted under subregulation (1) so as to entitle a teacher to a higher total pension than the maximum of two-thirds of his salary at the date he ceased to be a teacher or than the pension for which he would have qualified by length of service on reaching the age of sixty years whichever shall be the lower amount.

(3) If the teacher has been a teacher for less than the qualifying period of ten years, he may be granted a pension calculated in accordance with regulation 4 as if there had been no qualifying period.

21. (1) Where a teacher has been permanently injured—
- (a) in the actual discharge of his duty;
 - (b) without his own default; and
 - (c) by some injury specifically attributable to the nature of his duty,

Officers retiring on account of injuries.

and his retirement is thereby necessitated or materially accelerated, he may be granted in respect of the injury in addition to the pension, if any, granted to him under these Regulations, an annual allowance in proportion to the extent of his injury as follows:

When his capacity to contribute to support is—

slightly impaired	60/720ths.
impaired	120/720ths.
materially impaired	180/720ths.
totally destroyed	240/720ths.

No such allowance shall, together with the pension, exceed 600/720ths of his salary at the date of the injury.

(2) If a teacher proceeding by a route approved by the President to or from Trinidad and Tobago at the commencement or termination of his services therein or of a period of leave therefrom is permanently injured as a result of damage to the vessel, vehicle or aircraft in which he is travelling, or of any act of violence directed against the vessel, vehicle or aircraft, and the President is satisfied that the damage or act is attributable to circumstances arising out of any war in which the State may be engaged, the teacher shall be deemed, for the purposes of this Regulation to have been injured in the circumstances described in subregulation (1).

(3) The allowance shall be less than the above-mentioned maximum by such amount as the President thinks reasonable in the following cases—

- (a) where the injured teacher has continued to serve for not less than one year after the injury in respect of which he retires;
- (b) where the injured officer is fifty years of age or upwards at the date of the injury; or
- (c) where the injury is not the sole cause of retirement, for instance if the retirement is caused partly by age or infirmity not due to the injury.

(4) Where the teacher so injured has less than ten years' service, and he is not eligible for an ordinary pension he may be granted in lieu of a gratuity an annual allowance of so many 720ths as the number of months he has actually served, in addition to the number of 720ths that may be awarded to him under subregulations (1) and (2).

(5) A teacher so injured who is not qualified for either a pension under regulation 4 or a gratuity under regulation 5 may nevertheless be granted an annual allowance of the same amount as the additional allowance which he might have been granted if he had been so qualified.

(6) This Regulation shall not apply in the case of a teacher selected for appointment as a teacher on or after 1st December 1938, who, in consequence of his injury, is entitled to compensation under the Workmen's Compensation Act.
