BLOOD TESTS

13. (1) In any civil proceedings in which the paternity of any person (hereinafter referred to as “the subject”) falls to be determined by a Court hearing the proceedings, the Court may, on an application by any party to the proceedings, give direction for the use of blood tests to ascertain whether such tests show that a party to the proceedings is or is not thereby excluded from being the father of the subject and for the taking, within a period to be specified in the direction, of blood samples from the subject, the mother of the subject and any party alleged to be the father of the subject or from any, or any two, of those persons.

Power of Court to require use of blood tests.

(2) A Court may at any time revoke or vary a direction previously given by it under this section.

(3) The person responsible for carrying out blood tests taken for the purpose of giving effect to a direction under this section shall make to the Court by which the direction was given a report in which he shall state—

- (a) the results of the tests;
- (b) whether the person to whom the report relates is or is not excluded by the results from being the father of the subject; and
- (c) if that person is not so excluded, the value, if any, of the results in determining whether that person is the subject’s father,

and the report shall be received by the Court as evidence in the proceedings of the matters stated therein.

(4) Where a report has been made to a Court under subsection (3), any party to the proceedings may, with the leave of the Court, or shall, if the Court so directs, obtain from the person who made the report a written statement explaining or amplifying

any statement made in the report, and that statement shall be deemed for the purposes of this section to form part of the report made to the Court.

(5) Where a direction is given under this section in any proceedings, a party to the proceedings shall not be entitled to call as a witness the person responsible for carrying out the tests taken for the purpose of giving effect to the direction, or any person by whom anything necessary for the purpose of enabling those tests to be carried out was done, unless—

- (a) within fourteen days after receiving a copy of the report he serves notice on the other parties to the proceedings, or on such of them as the Court may direct, of his intention to call that person; or
- (b) the Court otherwise directs,

and where any such person is called as a witness the party who called him shall be entitled to cross-examine him.

(6) Where a direction is given under this section the party on whose application the direction is given shall pay the cost of taking and testing blood samples for the purpose of giving effect to the direction (including any expenses reasonably incurred by any person in taking any steps required of him for the purpose), and of making a report to the Court under this section, but the amount paid shall be treated as costs incurred by him in the proceedings.

Ch. 46:08.

(7) In this section “civil proceedings” include any proceedings under the Family Law (Guardianship of Minors, Domicile and Maintenance) Act.

Consents, etc.,
required for the
taking of blood
samples.

14. (1) Subject to the provisions of subsections (3) and (4), a blood sample which is required to be taken from any person for the purpose of giving effect to a direction under section 13 shall not be taken from that person except with his consent.

(2) The consent of a minor who has attained the age of sixteen years to the taking from himself of a blood sample shall be as effective as it would be if he were of full age; and where a minor has by virtue of this subsection given an effective consent to the taking of a blood sample it shall not be necessary to obtain any consent for it from any other person.

(3) A blood sample may be taken from a person under the age of sixteen years, not being such a person as is referred to in subsection (4), if the person who has the care and control of him consents or, in the absence of such consent, or, where that consent is unreasonably withheld, if the Court so directs.

(4) A blood sample may be taken from a person who is suffering from mental disorder and is incapable of understanding the nature and purpose of blood tests if the person who has the care and control of him consents and the medical practitioner in whose care he is, has certified that the taking of a blood sample from him will not be prejudicial to his proper care and treatment.

(5) The foregoing provisions of this section are without prejudice to section 15.

15. (1) Where a Court gives a direction under section 13 and any person fails to take any step required of him for the purpose of giving effect to the direction, the Court may draw such inferences, if any, from that fact as appear proper in the circumstances.

Failure to comply with direction for blood tests.

(2) Where in any proceedings in which the paternity of any person falls to be determined by a Court hearing the proceedings there is a presumption of law that that person is the child of another, then if—

- (a) a direction is given under section 13 in those proceedings; and
- (b) any party who is claiming relief in the proceedings and who for the purpose of obtaining that relief is entitled to rely on the presumption fails to take any steps required of him for the purpose of giving effect to the direction,

the Court may adjourn the hearing for such period as it thinks fit to enable that party to take that step, and if at the end of that period he has failed without reasonable cause to take it the Court may, without prejudice to subsection (1), dismiss his claim for relief notwithstanding the absence of evidence to rebut the presumption.

(3) Where any person named in a direction under section 13 fails to consent to the taking of a blood sample from

himself or from any person named in the direction of whom he has the care and control, he shall be deemed for the purposes of this section to have failed to take a step required of him for the purposes of giving effect to the direction.

Penalties for personating another *re* blood tests and for tampering with blood sample.

16. (1) If for the purpose of providing a blood sample for a test required to give effect to a direction under section 13 any person personates another, or proffers a child knowing that it is not the child named in the direction, he is liable—

- (a) on conviction on indictment, to imprisonment for two years; or
- (b) on summary conviction, to a fine of one thousand dollars or to imprisonment for six months.

(2) If a person wilfully and maliciously—

- (a) breaks the seal of or opens or causes to be opened any container with a blood sample which is to be delivered to a tester; or
- (b) does any act or thing whereby the due delivery of such container to the tester is prevented or impeded; or
- (c) in any manner tampers with such container,

he is liable on summary conviction to a fine of one thousand dollars or to imprisonment for six months.

Insertion of father's name. [6 of 1993].

16A. The Registrar General may pursuant to section 9 or section 10 and upon payment of the prescribed fee insert the name of the father of a child on the birth certificate of that child.

Regulations *re* blood tests.

17. The Minister may by Regulations make provision as to the manner for giving effect to directions under section 13 and, in particular, any such Regulations may—

- (a) provide that blood samples shall not be taken except by such medical practitioners as may be designated by the Minister;
- (b) regulate the taking, identification and transport of blood samples;
- (c) require the production at the time when a blood sample is to be taken of such evidence of the identity of the person from whom it is to be taken as may be prescribed by the Regulations;

- (d) require any person from whom a blood sample is to be taken, or in such cases as may be prescribed by the Regulations, such other person as may be so prescribed to state in writing whether he or the person from whom the sample is to be taken, as the case may be, has during such period as may be specified in the Regulations suffered from any such illness as may be so specified or received a blood transfusion of blood;
- (e) provide that blood tests shall not be carried out except by such persons, and at such places, as may be appointed by the Minister;
- (f) prescribe the blood tests to be carried out and the manner in which they are to be carried out;
- (g) regulate the charges that may be made for the taking and testing of blood samples and for the making of a report to a Court under section 13;
- (h) make provision for securing that so far as practicable the blood samples to be tested for the purpose of giving effect to a direction under section 13 are tested by the same person;
- (i) prescribe the form of the report to be made to a Court under section 13.

GENERAL

18. (1) The Minister may, from time to time, make Regulations for all or any of the following purposes:

- (a) prescribing fees and forms for the purposes of this Act;
- (b) providing for such other matters as are contemplated by or necessary for giving full effect to this Act, and for its due administration.

(2) Where the Registrar General is empowered to do any act for which a fee is payable, he may refuse to do the act until the fee is paid.

19. (1) The existing laws shall, as from the date of commencement of this Act, be construed with such adaptations as may be necessary to bring them into conformity with this Act.

(2) The Minister may, from time to time, by Order, make such amendments to any existing law as may appear to him to be necessary for bringing that law into conformity with the provisions of this Act.

(3) For the purposes of this section, the expression “existing law” means any Act, Ordinance, Rule, Regulation, Order or other instrument which has effect as part of the Law of Trinidad and Tobago immediately before the commencement of this Act.
